EDUCATION

2021-2022 Group	Andijan Machine Building Institute Information systems and technologies
2021-2022 Course	Icode Academy Frontend
2021-2022 Course	Codial IT Academy Daba base and Python
2021-2022 Course	MohirDev FullStack Python
2022-2023 Course	MernSammi.AC MERN Stack

WORK EXPERIENCE

Create WEB Application

I created a web application for an education center (Frontend), many portfolio websites, CRUD app and pharmacy app in React.
Quizz app, Goodreads.com(clone), News app, Wikipedia(clone), Google translate(clone) in Django

ARTIFICIAL INTELLIGENCE

In my artificial intelligence project, I made a great voice-controlled website using alan website, starting with react principles. Sources in this <https://alan.app>

Server Side Rendring in Nestjs

I created a fast movie app using server side rendering and integrated it to Stripe.

Teaching methodology

I worked at "Andijon Axborot Texnologiyalar Texnikumi" 3 months ago and taught students Python and Database there.
